ACTIVE GANTT

WHY TO USE ACTIVE GANTT

Netsurf "Active GANTT for Infor EAM" is the right "visual" tools to interactively work with Projects and Activities that last several days and can be added to **INFOR EAM** screens with a new TAB, named "**Active GANTT**" and represents Events (WO), Activities and Employees workload in a GANTT diagram by allowing the user to view and to interactively change start/end dates and percentage of completion on Event (WO), Activity and Employee scheduling.
